

# CAT6 KEYSTONE THROUGH COUPLER

## Technical information

### Features:

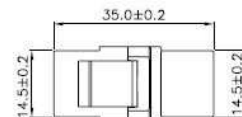

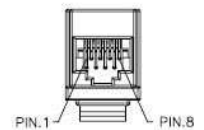

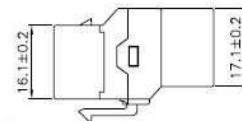

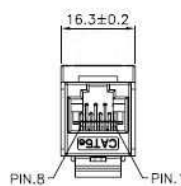

- ◆ RJ45 8P8C jack to RJ45 8P8C jack
- ◆ Cat6
- ◆ Keystone mounting
- ◆ Suitable for use in Ultima 792386 Keystone patch panel

## Materials

|                   |                                                                                     |
|-------------------|-------------------------------------------------------------------------------------|
| RJ45 Jack Housing | ABS+PC, UL94V-0, Black                                                              |
| RJ45 Jack Contact | Phosphor bronze, nickel plated, finished with 50μ gold plating on plug contact area |
| PCB               | FR4, UL 94V-0                                                                       |

## Performance

|                       |                             |
|-----------------------|-----------------------------|
| Insertion Force       | 20N max.                    |
| Retention Strength    | 7.7kg between Jack and Plug |
| Operating Temperature | -10°C to 60°C               |
| Mating Cycles         | 750 cycles min.             |

## Part Number

| Item   | Description                     | Type       |
|--------|---------------------------------|------------|
| 787135 | Keystone Through Coupler, Black | Unshielded |
